CHOWAN CHIEF

Volume XIX

Chowan High School
Tyner, North Carolina

Foreword

Yes, the trails we trod through high school are ending. We, the Seniors of 1965, look back once again to catch a glimpse of the joys and sorrows we have shared together as a class.

We have been like little children playing here at life, four happy seasons; each season has been a further step toward the end of our trail.

Now before leaving, we wish to present this, the nineteenth edition of the CHOWAN CHIEF, the story of Chowan High as we lived and loved it.

Contents

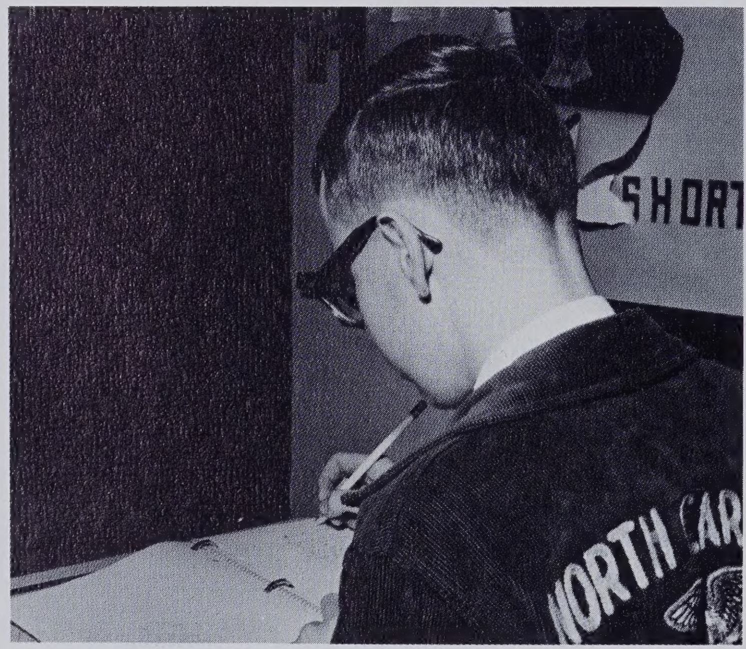
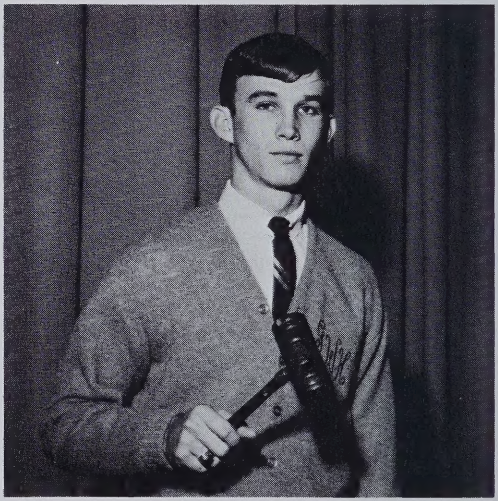
Whether it was the hours practicing on the basketball court...

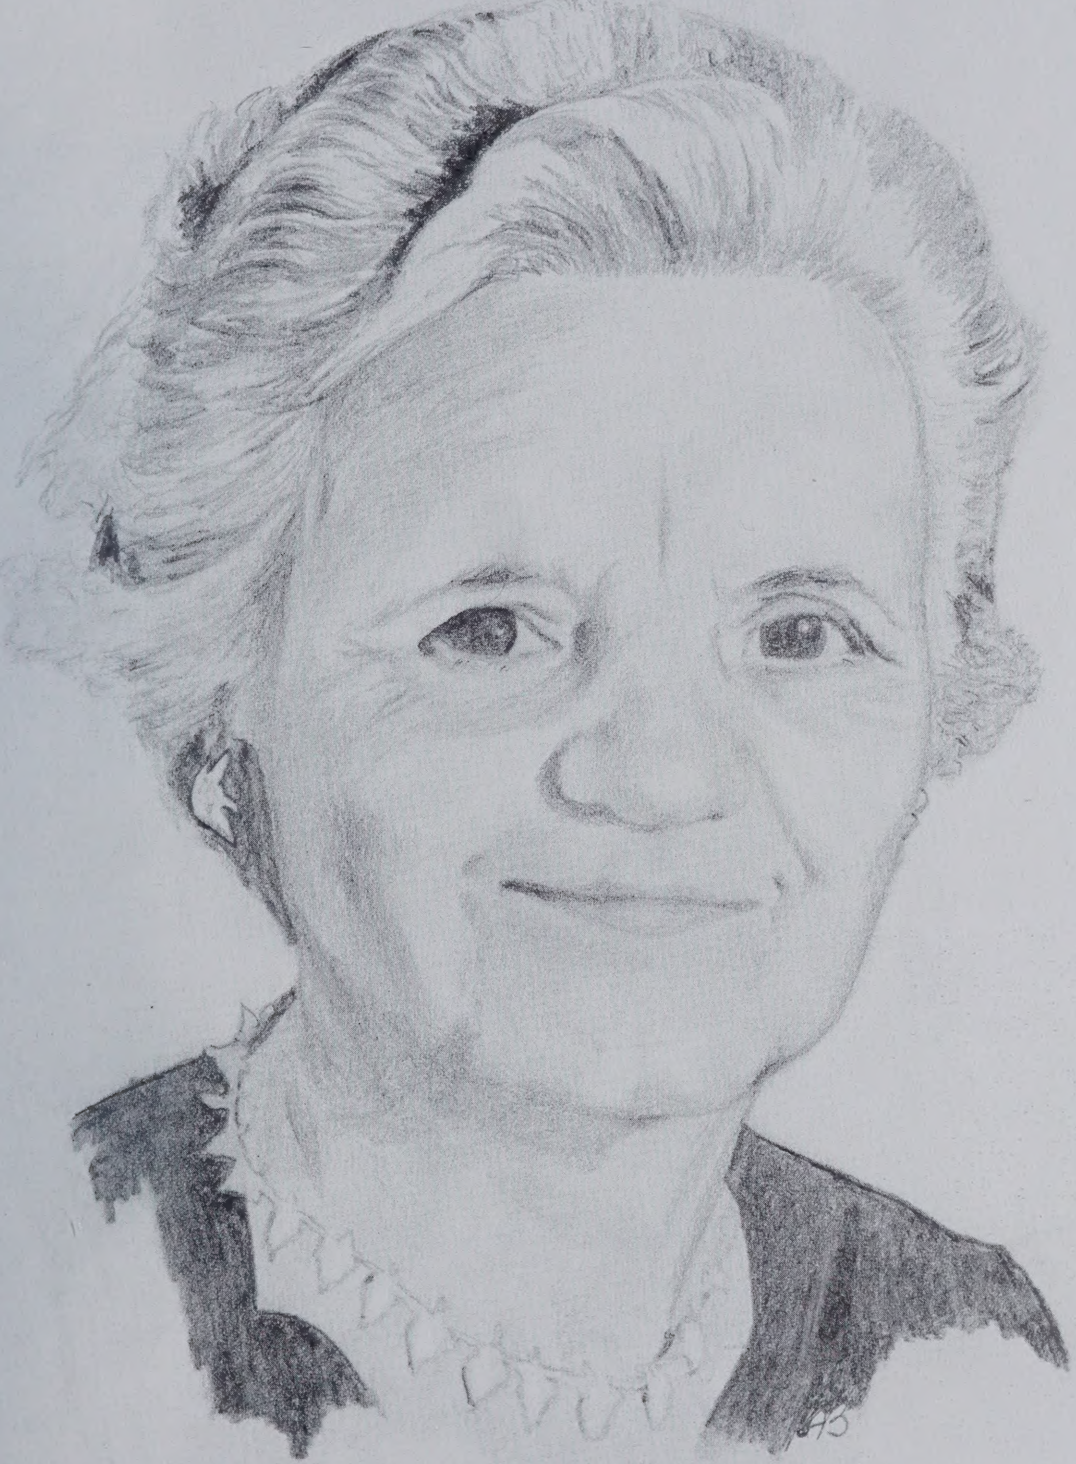


or the long hours spent acquiring knowledge...



or participating in extracurricular activities, the student managed to keep himself busy.

Dedication



Long after we have joined the alumni of Chowan's graduated classes, and the years have melted as wax around a fervently burning candle, we shall still love that gracious individual who combined diligence, humility, patience, and intellect in her years of teaching.

To express to her our sincere gratitude and respect for all that she has done for us, we dedicate the 1965 edition of the CHOWAN CHIEF to MISS ELLA MAE NIXON.

"A teacher affects eternity; He can never tell where his influence stops." --Adams

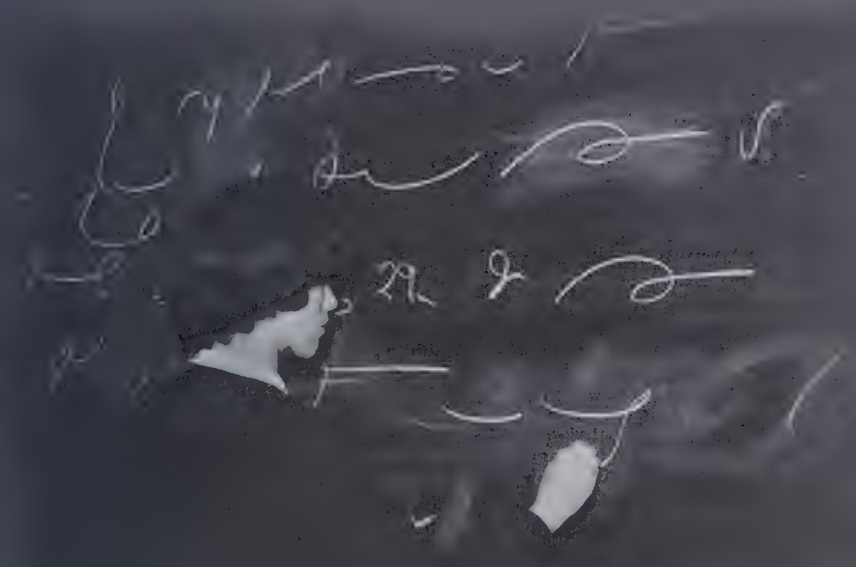
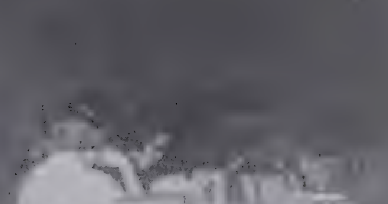
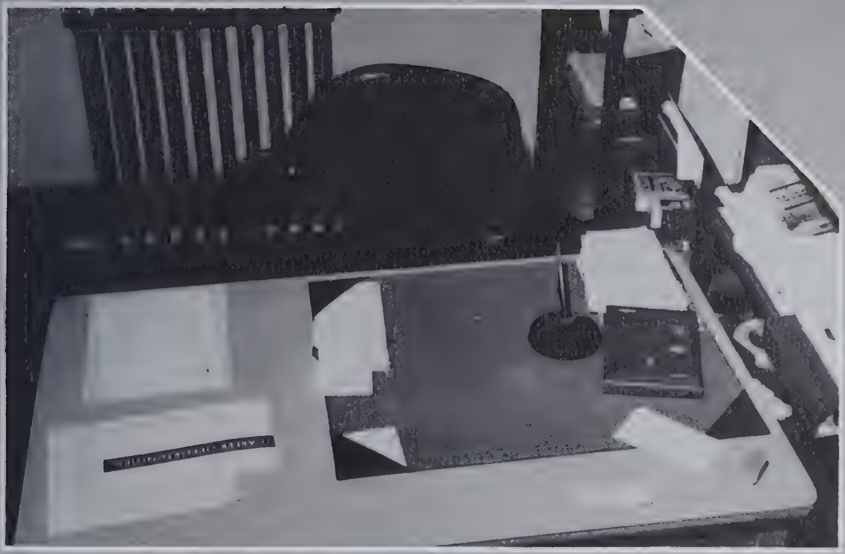
A Day





At Chowan High

ADMINISTRATION



"Each is given a bag of tools,
A shapeless mass,
A book of rules;
And each must make--
Ere life is flown--
A stumbling block
Or a stepping stone."

Principal

Under the faithful guidance of our principal, Mr. J. P. Snipes, our school continues to improve. The Senior Class of 1965 wishes to express their thanks for his sincere interest in the betterment of their learning opportunities.

Mrs. Esther Fulcher has been our school's faithful secretary for many years. Because of her interest and enthusiasm in the school's activities, she gets our vote for Secretary of the Year.

Superintendent

Superintendent C. C. Walters has earned our respect and devotion for his educational leadership and support of our school. His efforts in our behalf are greatly appreciated.

Local Board

Our school committee is composed of Mr. Willie Joyner, Mr. Ivan Bunch, Chairman Henry Bunch, and Mr. Carlton Goodwin. They are to be commended for their worthwhile efforts in making the '64—'65 school year a successful one.

P.T.A. Officers

The officers of the 1964—65 Chowan Parent-Teachers Association are as follows: President, Mrs. Willie Joyner; Vice-President, Mrs. Melvin Byrum; Secretary, Mrs. Glenn Bunch; Treasurer, Mrs. Sherlon Layton; and Parliamentarian, Mr. E. S. White.

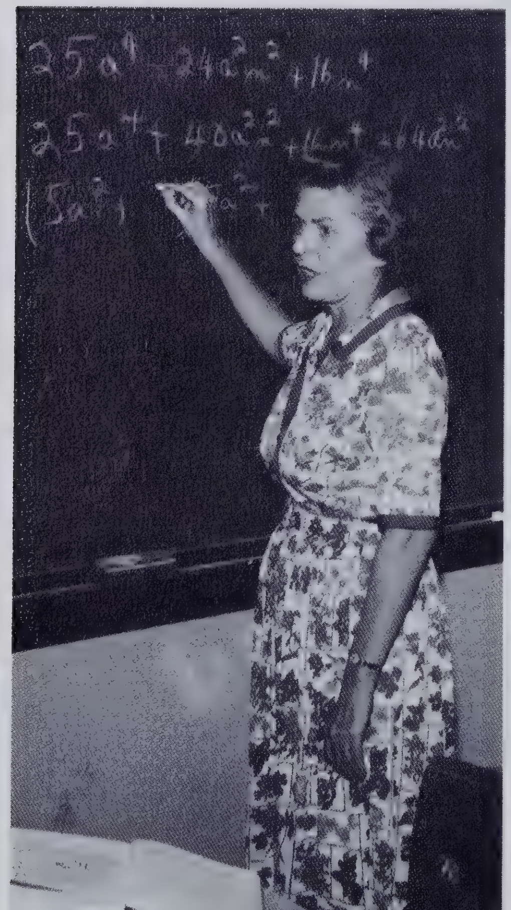
English

MRS. ELIZABETH SNIPES

Whatever one can speak in English; one can write in English. At least that's what the English teachers say! Chowan students find it not an easy task, so each student spends four years in an attempt to master the English language. Topics vary from poems by Carl Sandburg to Shakespearean plays. These plays give all students an opportunity to secure a basis for literary opinions.

Mrs. Snipes instructs the senior boys in the theory of writing a research paper.

Math



The goals of the math department include a solid foundation in fundamentals plus the development of a logical and creative approach to mathematical problems.

Math courses such as algebra, geometry and trigonometry may be a breeze for the intellectual, but for the majority may prove to be a terror. To say the least these math courses are interesting and definitely challenging.

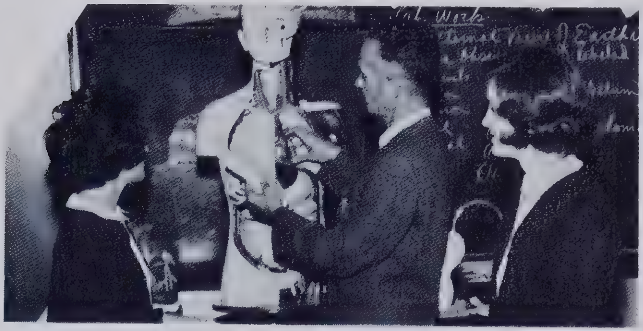
Mrs. Baxter explains an algebra problem.

MRS. ANNA BAXTER

MR. DAVID
JOHNSON

Science

Our science department, with its well-equipped laboratory, serves an important part in our search for knowledge. Through experimentation and observation the pupil's mind is more scientifically developed.



Some lab time is spent studying the anatomy of the human body.

Mr. Brogden discusses the political aspects of civics.

Mr. Johnson views animal structure through a Ken-A Vision.

MR. LEON
BRODGEN

Physical Education

As every freshman soon finds out, the health and physical education course is effectively taught by our coach, Mr. Leon Brogden. There is seldom a dull moment with calisthenics, sports, and of course those note-taking sessions of lecture on the human body.

Commercial

While the academic world is crying for teachers and scientists, the business world is in great need of typists, secretaries and bookkeepers. Our business department, which includes typing, shorthand and bookkeeping demands near perfection of its students to better prepare them for employment.

MRS. MARVIS
HENDRIX

Students, set your goal for 40 net words per minute.

WAIT!!
BEFORE YOU EVEN STRIKE A KEY IS YOUR
DESK ORGANIZED
FEET ON THE FLOOR
EYES ON THE COPY
FINGERS WELL CURVED
POSTURE GOOD
NORTH CARO

This is what your typing budget will include.

Is this the way all jazz musicians start?

Music

MISS CECEILIA
WILLOUGHBY

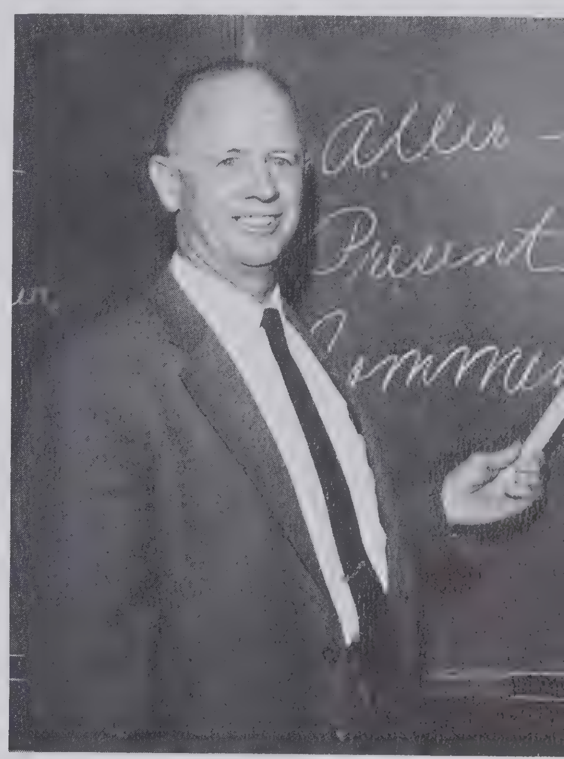
The music department is well equipped to provide inspiration, enjoyment and participation in a good all-around music program. The Glee Club's biggest accomplishment during the year is the annual Christmas Concert. In addition to Miss Willoughby's regular music classes, Mr. Conrad Plyler teaches individual piano lessons to further complement the music program.

Social Studies

MR. LLOYD FINCH

Social studies mold tomorrow's leaders. The problems of the past aid in answering the questions of the future.

After taking courses in geography, World History and American History, students are aware of their past, thus better prepared to meet the present and to face the future.



Mr. Finch explains the conjugation of some French verbs.

AND DUTIES OF THE PRESIDENT

American History involves the study of political science.

Counselor and Librarian

As the student progresses in high school, the question of furthering his education or of finding a job after graduation becomes important. Our guidance department is very important in the lives of Chowan students.

If a book is worth reading, it can usually be found in the library. The book has many purposes—special projects, research papers, book reports, and leisure reading.

Seniors discuss with Miss Aman the Scholastic Aptitude Test dates.

MISS CATHERINE AMAN

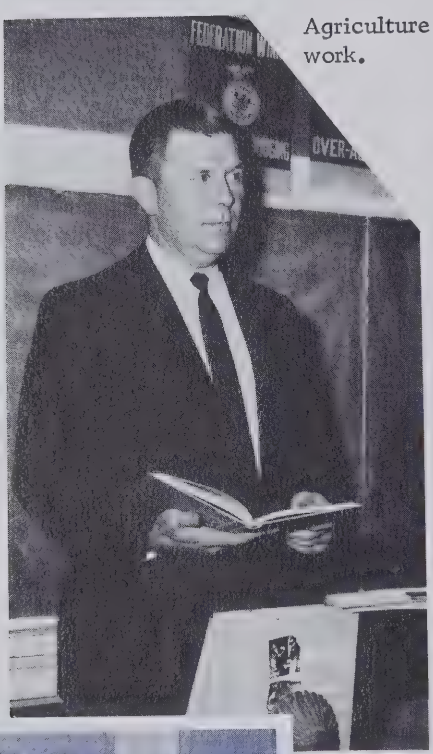
MRS. LORAINE
ROGERSON

Home Economics

Preparation for future homemaking is the main objective of our Home Economics Department. Much practical experience is gained in studying clothing, foods, housing, and child care.

A new subject, Family Relations, is being taught this year. This gives the girls and boys valuable lessons in getting along with the family.

Carol Haste's suit gets a final fitting by Mrs. Rogerson.



Agriculture is not all shop work.

One of the home economics units is a study of child development.

Mr. White demonstrates the use of an electric planer to a group of sophomore boys.

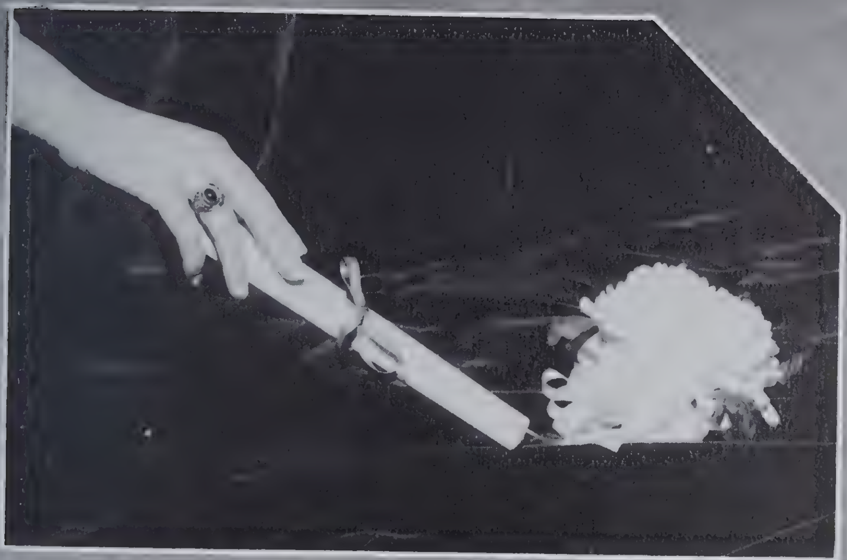
Agriculture

The hammering of nails, the hum of the power saw, and the thud of the T-square are everyday sounds in the agriculture department.

Agriculture trains students for useful and highly skilled vocations, which will help them in their future careers.

MR. E. S. WHITE

SENIORS



"They say that life is a highway
And its milestones are the years,
And now and then there's a tollgate
Where you buy your way with tears.
It's a rough and a steep road
and it stretches broad and far, . . ."
Kilmer

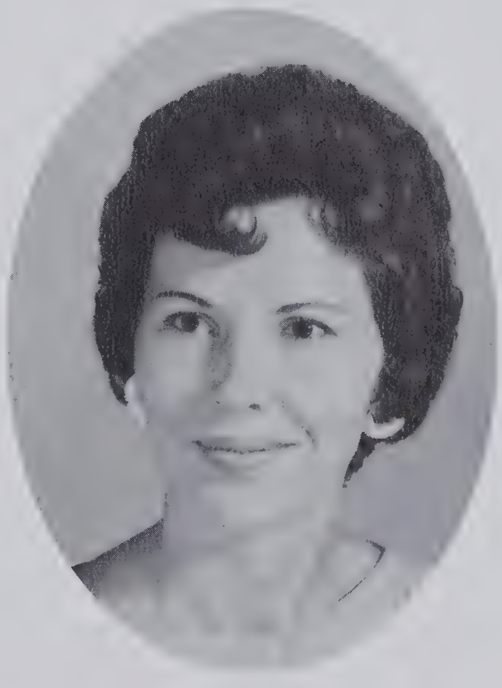
Senior Sponsor



MRS. MARVIS HENDRIX

We, the Seniors of Nineteen Hundred and Sixty-five would like to extend our appreciation to Mrs. Marvis Hendrix, our sponsor, for guiding and advising us through our final and most difficult year at Chowan High.

Your friendliness, respect, and devotion is truly appreciated by each member of the Senior Class. For all that you have done for us in this typing year, we say "Thank You."

In Appreciation

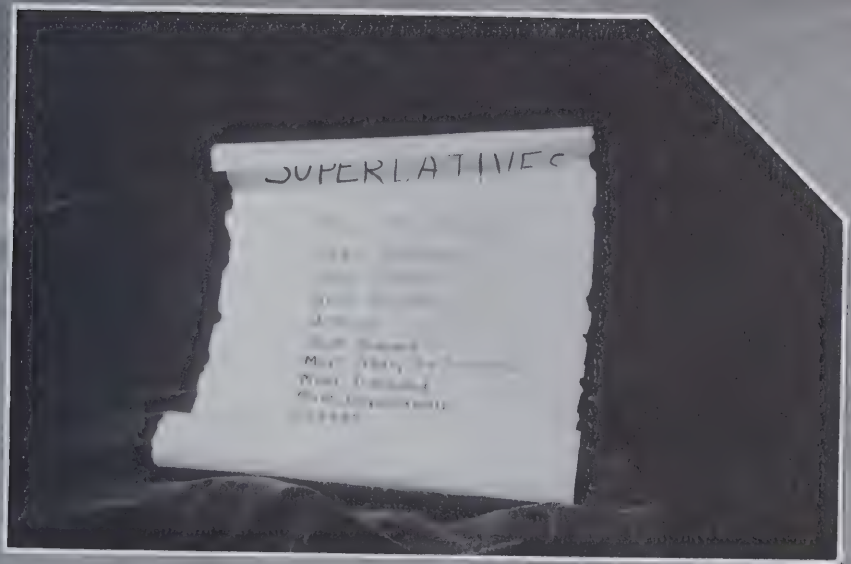
FILE FOLDERS

MISS CATHERINE AMAN

The most descriptive words of appreciation are inadequate to convey the gratitude and thanks which we, the Senior Class of Nineteen Hundred and Sixty-five, would like to express to Miss Catherine Aman.

Without her thoughtful guidance and untiring willingness to assist the staff, this publication of the 1965 CHOWAN CHIEF would have been virtually impossible.

SENIOR SUPERLATIVES



"Happiness is like a crystal,
Fair and exquisite and clear,
Broken in a million pieces,
Shattered, scattered far and near.
Now and then along life's pathway,
Lo! some shining fragments fall;
But there are so many pieces
No one ever finds them all."

First Grade

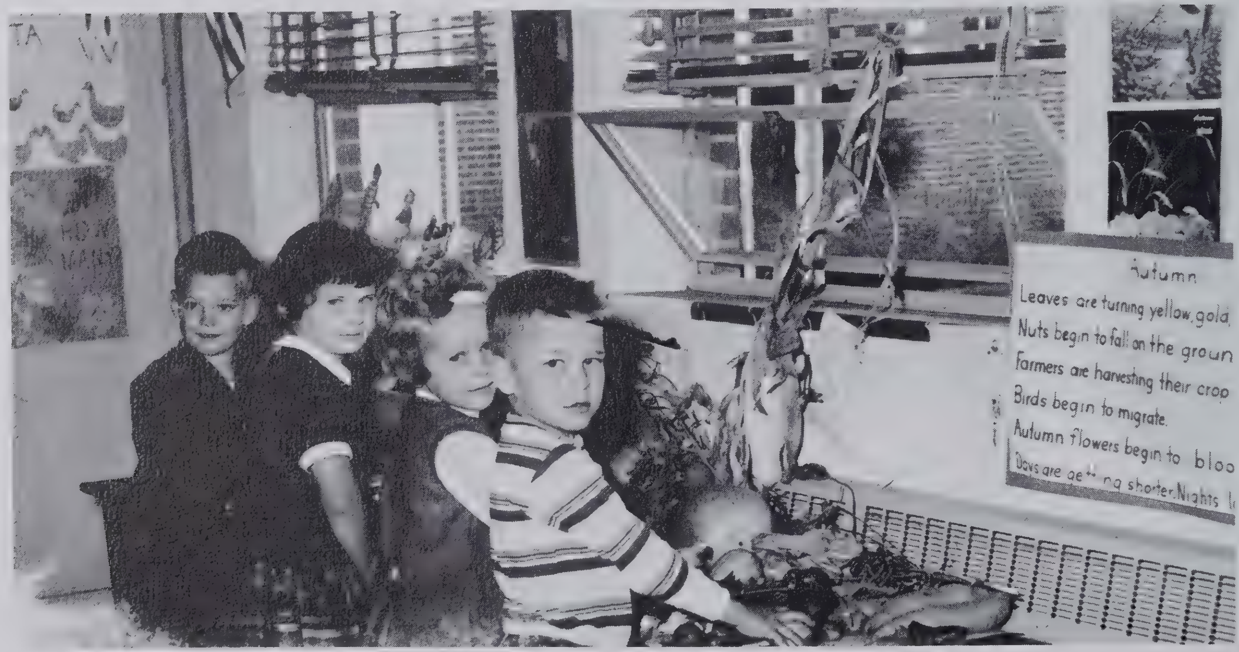
First graders view a harvest table they prepared from home grown produce.



Autumn
Leaves are turning yellow, gold,
Nuts begin to fall on the groun
Farmers are harvesting their crop
Birds begin to migrate.
Autumn flowers begin to bloo
Days are ge ng shorter. Nights l
